

# Computing and Digital

## Bachelor of Science (Hons) in Computing and Systems Development

---

**Campus:** University Centre Rotherham

**Code:** U04HE01

**Type:** Full Time | Part Time

This programme has been developed in order to enable you to engage with the exciting and dynamic challenges presented by the computing and systems development sector. The aim of the programme is to offer the next generation of computing students the opportunity to become confident, capable and above all, professional.

This is a contemporary, cutting edge programme aimed at students eager to follow a career in various job roles within the high-tech and ever changing world of computing and systems development.

### Why Study With Us?

The teaching team are very experienced, approachable and supportive and are fully committed to helping you achieve to the best of your ability. You???ll learn in small study groups and will have access to modern hardware and industry-standard software in order to prepare you for your transition to employment. Our connections will allow you to gain the latest skills and knowledge needed to be successful in the computing and systems development industry.

The teaching team are very experienced, approachable and supportive and are fully committed to helping you achieve to the best of your ability. We also have a range of real-life projects that you will be invited to work on as part of your programme.

This course is validated by the University of Hull [<https://www.hull.ac.uk>] .

### Modules Covered

Year 1

- Academic Excellence

- Networking Fundamentals
- Fundamentals of Programming
- Website Design
- User Interface Design
- Business Systems Modelling

## Year 2

- Group Project
- E-Commerce
- Database Development

Networking pathway:

- System Security
- Computer Communications and Networks
- Software Development pathway:
- Web Application Development
- Data Structures and Algorithms

General pathway:

- Computer Communications and Networks
- Data Structures and Algorithms

## Year 3

- Dissertation
- Professional Development
- Web Analytics
- Networking pathway:
- Cyber Security
- Cloud Computing Software
- Development pathway:
- Intelligent Systems
- Mobile App Development
- General pathway:
- Intelligent Systems
- Cloud Computing

## Entry Requirements

- GCSE Maths and English at grade C/4 or equivalent
- 64 UCAS points from a minimum of two A Levels (or equivalent) in a related subject or 60 Access to HE credits (of which a minimum of 45 must be at Level 3) in a related subject
- Applicants who lack formal qualifications will be set an appropriate piece of work that will take into account their academic potential and relevant experience
- Applicants may also be admitted with credit for prior certified learning (APcL) or work/life experience or other uncertified learning (APeL)
- All applicants who are non-native English speakers, or who have not studied the final two years of school in English, must have an IELTS score of 6.0 or above
- All applicants will attend a 1-week summer school.
